FCC warning statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, interference that may cause undesired operation.

WARNINGS:

Do not mix old and new batteries. Do not mix different types of batteries. Batteries are to be inserted with the correct polarity. Remove exhausted batteries from the product. Do not short circuit supply terminals. Batteries are to be changed by an adult. Batteries may contain a chemical known to cause cancer or birth defects and other reproductive harm.

All products, brands or companies are trademarks or registered trademarks of their respective owners. Road Mice (TM) shown may differ from pictures shown. Specifications are subject to change without prior notice.

Ford oval and Ford GT are registered trademarks owned and licensed by Ford Motor Company. Ford Mustang GT and it's Trade Dress are used under licensed by Four Door Media Inc.

Troubleshooting / Risoluzione dei problemi / Localización de averías / Fehlerbehebung / Dépannage
